Do you have staffing needs that your current suppliers aren't meeting?

Or are you using so many staffing suppliers that you don't have the time and overhead to manage them how you'd like?

The Acro Workforce Solution is a suite of workforce management tools for public sector agencies that helps you access talent more easily and manage your talent more effectively.

Most importantly, you can get started right away. You don't have to go through a competitive RFP process to use it because it has already been pre-approved through competitive bidding requirements.

The Acro Workforce Solution spans traditional temporary staffing, recruiting, and other personnel services. Most notably, it also includes the Acro Workforce Management Program, which allows you to keep all of your existing suppliers but outsource the management of them to a single provider.

The Acro Workforce Solution encompasses a broad array of tools to help you lead your workforce better, including:

STAFFING AND RECRUITMENT

Temporary or permanent talent for all categories, including administrative, IT, accounting and finance, call center, food service, light industrial, skilled professional, skilled labor, technical, medical, and more. We'll provide temporary or permanent placements. We have 200+ Acro recruiters in addition to your local suppliers and 2,000+ suppliers in our vendor network ready to serve you.

WORKFORCE MANAGEMENT

If you're spending too much time managing too many suppliers, we'll manage all your suppliers in a single program, streamline all processes, and serve as your single point of contact for all your staffing needs. You can continue using all of your current suppliers, or use new ones.

STAFFING SOFTWARE SOLUTIONS

Our industry-leading Vendor Management System (VMS), XRM System, helps you manage and process all staffing needs, and ensure budgets and performance measures are met.

HR OUTSOURCING

We can help with a variety of HR functions to help you save time and money.

STATEMENT OF WORK

Acro can deliver comprehensive staffing solutions for specific projects through Statement of Work (SOW) arrangements.

JANA VARGAS, DIRECTOR OF PROCUREMENT SAN DIEGO COUNTY REGIONAL AIRPORT AUTHORITY

*"I just used [Acro's] services for the first time, and I was very pleased with the selection of candidates that were submitted. The markups are less than our previous competitively solicited contract, and Acro was willing to reach out to our local vendors to support the area. **For us this was a real win.**"*
